SUBSURFACE / NEUTRAL PENETRATING MAINTENANCE CLEANER / INCREASES ABRASION RESISTANCE

GREEN UMBRELLA®
CleanMaintain
w/SlipResist

CLARIFY AND REINFORCE

Green Umbrella® CleanMaintain w/Slip-Resist™ is a necessary treatment for the sustainability of architectural concrete. A subsurface, residue-free floor cleaner working equally as a surface conditioner for slip resistance. GUnanoInside™ reinforces the surface with a hardening formulation that increases abrasion resistance each time it is applied. An alternative to conventional cleaners that contain harmful pH levels, phosphates, sodium hydroxides, and butyls that result in etching and gloss reduction.

CleanMaintain w/Slip-Resist with GUnanoInside™ clarifies and reinforces as a part of the Green Umbrella LifeCycle™ Maintenance System.

CUT LABOR

- Replaces the need for labor-intensive floor coatings
- Cleans & clarifies with one-pass of floor scrubber
- Lowest floor maintenance

CUT DOWNTIME

- Eliminates timely floor stripping
- Air dry within minutes
- Encourages the efficiency of floor scrubber maintenance program

CUT ENVIRONMENTAL IMPACT

- Alternative to off-gassing flooring
- Ph neutral & No VOC
- No phosphates, sodium hydroxides or butyls

VERSATILE ARCHITECTURAL APPLICATIONS

Ideal for **interior** or **exterior**, vertical or horizontal in *Demanding Applications*; ware- house/distribution centers, food service, parking decks, garages, hospitals, or similar & specifically for dye and pigment in *Decorative Color Applications*; retail spaces & show-rooms, restaurants, business offices, lobby areas, museums, municipalities, airports, hospitals, schools, fire-stations, or most concrete surfaces.

EASY TO INSTALL - SIMPLE TO MAINTAIN

For deep cleaning dilute 32 parts water to 1 part Clean-Maintain w/Slip-Resist™ by volume or 1 gallon of water to 1oz of cleaner (128:1) for daily cleaning. The cleaning solution may be run through an auto scrubber or a mop and bucket. In heavily soiled concrete, double scrub and allow 30 minute dwell time. A second application may be necessary. Burnish with UHS GreenGloss burnisher periodically.
