## INTEGRAL / @EarlyAge™ NATURAL IRON OXIDE / UV STABLE

### GREEN UMBRELLA® **ColorPac**

#### The 'IN' Concrete Colorant

Green Umbrella® ColorPac™ integral colors are natural iron-oxide pigments that are permanent and UV stable—engineered to establish performance with even color appearance, stability, and durability in all @EarlyAge concrete placements. ColorPac™ is packaged with the concrete producer in mind in water-soluble bags. When used as an alternative to surface-applied colorants in architectural concrete floors applications saves downtime & labor during construction. Not only is ColorPac™ at an equal or lower cost, but expensive masking and overspray damage to finishes is eliminated. Life-cycle @occupany™ is much greater as a "In concrete" component compared to unpredictable surface colorants. Our color palette extends to over 30 colors with varying intensity options. It is recommended to use a wearguard to enhance surface color and protect surface. Green Umbrella® iron-oxide pigments are natural and made in the U.S.A., providing a solution for those concerned about conventional concrete colorants and environmental impact. ColorPac is fast becoming the "in" concrete for design professionals.

#### VERSATILE ARCHITECTURAL APPLICATIONS

*Demanding Applications;* warehouse/distribution centers, food service, parking decks, garages, hospitals. *Decorative Concrete Applications;* retail spaces & showrooms, restaurants, business offices, lobby areas, museums, municipalities airports, hospitals, schools, fire-stations. *Ready-mix Applications;* pre-cast, tilt-up, ornamental concrete, shotcrete, mortar, CMU (concrete masonry units) pavers, roof tiles, retaining wall units, stucco, plaster, cast stone.

#### EASY TO MIX - SIMPLE TO MAINTAIN

ColorPac may be tossed into mixer without opening or pouring. The mixing action disintegrates the bag dispersing the color throughout the mix. To maintain, simply damp mop, auto scrub and periodically burnish using Green Umbrella® LifeCycle™ Maintenance System treatments.

#### CUT LABOR

- No Spraying
- No Masking
- No Clean-up

#### CUT DOWNTIME

- Mix at the batch-plant
- Day of Placement Color
- Fraction of Time of Surface Colorants

#### CUT ENVIRONMENTAL IMPACT

- Product reduction
- Natural iron oxide
- Longest life cycle

#### PACKAGING

50 lb.  
Paper Bags

2000 lb.  
Super Sacs

Tanker  
Loads
