

CUTSHEET

DEEP SUBSURFACE / PH NEUTRAL DENSIFIER / HIGHLY ABRASION RESISTANT

GREEN UMBRELLA® DRYSHIELD

Filling the Voids Green Umbrella® DryShield™ is an environmentally friendly concrete hardener and densifier. Reaching deep within the subsurface, DryShield creates more than a conventional shell surface. The unique formulation is insoluble, 100% reactive, and pH neutral—resulting in a bond within concrete that is harder, denser and less porous, while allowing maximum penetration of concrete colorants. A clear, odorless solution specially formulated to be a CrossOver™ densifier. Designed for application @EarlyAge™, @Profile&Polish™ or @MatureAge™ concrete. Unlike conventional hardeners, DryShield is a S.O.L.O.™ (Spray-On, Leave-On) treatment that requires no scrubbing or mopping during a single application and does not require pH balance of waste water if rinsed. DryShield produces a substrate that will stain less and wear longer, reducing maintenance frequency and extending the concrete's life cycle.

CUT LABOR

- No scrubbing or agitation required during application
- S.O.L.O.™ application
- Requires no laborious hazardous material disposal

CUT DOWNTIME

- 30 minute dwell time
- 1 hour to all traffic
- Optional same-day, after concrete placement, no 28-day application restriction

CUT ENVIRONMENTAL IMPACT

- Uses natural silica to fill the voids, increasing durability
- Reduces porosity, increases longevity
- pH neutral & no VOC's

VERSATILE ARCHITECTURAL APPLICATIONS

Green Umbrella® DryShield™ is ideal for warehouse/distribution centers, food service, retail spaces, parking decks, garages, airports, hospitals and wherever concrete surfaces exist.

EASY TO INSTALL - SIMPLE TO MAINTAIN

Green Umbrella® HydroShield is shipped R.T.U (Ready-To-Use), no mixing required. Simply apply with a Green Umbrella® recommended sprayer for coverage of 400-600 sq. ft. per gallon. Due to reduced porosity and superior resistance to staining, maintaining surfaces treated with HydroShield requires nothing more than occasional damp mopping, auto scrubbing and periodic burnishing if desired. Maintain using Green Umbrella® cleaning treatments.
