

CUTSHEET

DEEP SUBSURFACE / PH NEUTRAL DENSIFIER / HIGHLY ABRASION RESISTANT

GREEN UMBRELLA® DRYSHIELD

Filling the Voids Green Umbrella® DryShield™ is an environmentally friendly concrete hardener and densifier. Reaching deep within the subsurface, DryShield creates more than a conventional shell surface. The unique formulation is insoluble, fully reactive, and pH neutral—resulting in a bond within concrete that is harder, denser, and less porous while allowing maximum penetration of concrete colorants. A breathable, transparent, odorless solution specially formulated to be a CrossOver™ densifier. Designed for application @EarlyAge™, @Profile&Polish™, or @MatureAge™ concrete. Unlike conventional hardeners, DryShield is a single application S.O.L.O™* treatment that requires no scrubbing or mopping. It does not require a pH balance of wastewater if rinsed. DryShield produces a substrate that will stain less and wear longer, reducing maintenance frequency and extending the concrete's life cycle.

CUT LABOR

- No scrubbing or agitation required during application
- S.O.L.O* Application & R.T.U.** Treatment
- Requires no laborious hazardous material disposal

CUT DOWNTIME

- 30 minute dwell time, short dry time
- 3 hour to all traffic & abrasive profile
- Optional same-day, after concrete placement—no 28-day application restriction

CUT ENVIRONMENTAL IMPACT

- Alternative to off-gassing flooring
- Extends life cycle of concrete
- Ph neutral & No VOC

*Spray-On, Leave-On ** Ready-To-Use

VERSATILE ARCHITECTURAL APPLICATIONS

Ideal for **interior** or **exterior**, vertical or horizontal in Demanding Applications; warehouse/distribution centers, food service, parking decks, garages, hospitals, or similar & specifically for nano dye and pigment Decorative Color Applications; retail spaces & showrooms, restaurants, business offices, lobby areas, museums, municipalities, airports, hospitals, schools, fire-stations, or most concrete surfaces.

EASY TO INSTALL - SIMPLE TO MAINTAIN

DryShield is shipped R.T.U**. Easily apply S.O.L.O with a GU recommended sprayer for coverage of 400-600 SF per gallon, in some applications spread with GU exploded-tip broom or T-Bar. To maintain, simply damp mop, auto scrub, and periodically burnish using Green Umbrella LifeCycle™ maintenance system treatments.
