SUBSURFACE / NEUTRAL PENETRATING ENZYME DEGREASER / EXTENDED CYCLE CLEANING

GREEN UMBRELLA®
**GreenClean
& Degreaser**

CONCRETE'S SURFACE ASTRINGENT

Green Umbrella® GreenClean & Degreaser™ is a concentrated degreaser for architectural concrete floors. Utilizing enzymes as catalysts in cleaning that speeds up the natural processes rather than creating complex waste that are difficult for water treatment plants to manage. This high quality formula removes grease, hydrocarbons, and stains more effectively than previously possible. A time-release formulation that does not bring the damaging effects of high ph, phosphates, sodium hydroxides, or butyls that produce damaging effects on the surface, such as etching and gloss reduction. Unlike conventional cleaners such as: acid, caustic, solvent, chlorine or bacterial. Green Umbrella™ GreenClean & Degreaser is fragrant, hypo-allergenic, non-toxic and non-caustic as well as free of harsh fumes vapors, phosphates, chlorine and petroleum surfactants. Enzymes are not corrosive and can safely be used on any surface not harmed by water. As with all Green Umbrella LifeCycle Maintenance System Treatments clear the concrete pores of harmful containments.

Green Umbrella® GreenClean & Degreaser™ is a concentrated degreaser for architectural concrete

VERSATILE ARCHITECTURAL APPLICATIONS

Ideal for interior or exterior, vertical or horizontal in *Demanding Applications*; warehouse/distribution centers, food service, parking decks, garages, hospitals, or similar & specifically for dye and pigment in *Decorative Color Applications*; retail spaces & show-rooms, restaurants, business offices, lobby areas, museums, municipalities, airports, hospitals, schools, fire-stations, or most concrete surfaces.

EASY TO INSTALL - SIMPLE TO MAINTAIN

For deep cleaning dilute 32 parts water to 1 part GreenClean & Degreaser™ by volume or 1 gallon of water to 1oz of cleaner (128:1) for daily cleaning. The cleaning solution may be run through an auto scrubber or a mop and bucket. In heavily soiled concrete, double scrub and allow 30 minute dwell time. A second application may be necessary. Burnish with UHS GreenGloss burnisher periodically.

CUT LABOR

- Replaces the need for labor-intensive floor coatings
- Cleans & clarifies with one-pass of floor scrubber
- Lowest floor maintenance

CUT DOWNTIME

- Eliminates timely floor stripping
- Air dry within minutes
- Encourages the efficiency of floor scrubber maintenance program

CUT ENVIRONMENTAL IMPACT

- Alternative to off-gassing flooring
- Ph neutral & No VOC
- No phosphates, sodium hydroxides or butyls
