AIRPORTS, HOSPITALS**

ARCHITECTURAL APPLICATIONS

GREENUMBRELLA®

GreenClean

CLEAN AND CLARIFY

Green Umbrella® GreenClean™ is an economical, architectural concrete concentrated surface floor cleaner made for concrete properties and porosities. Nanotechnology works at breaking down contaminants without leaving any surface residue. GreenClean has a pleasant, fragrant aroma that reinforces through the olfactory sense that the surface is clean and safe. An advanced alternative to cleaners with high pH levels, phosphates, sodium hydroxides, or butyl that cause damaging effects on the surface, such as etching and gloss reduction. GreenClean is ph neutral that cleans and clarifies the substrate. GreenClean, with GUnanInside™ is a part of the Green Umbrella LifeCycle™ Maintenance System.
