GreenCut

**THE FOUNDATION OF THE
PROFILED FLOOR**

SUBSURFACE / CUTTING AGENT / SURFACE REFINEMENT

ARCHITECTURAL APPLICATIONS

Green Umbrella® GreenCut™ is part of our concrete treatment system meeting Architectural Concrete design professionals' versatile product demands for an interior profiled honed and polished concrete. GreenCut basic use is a Neutral Nano Surface Profile Agent. Used in applications where conventional laborious processing was specified but where a more refined surface and reduction in product treatment is desired.

SUBSURFACE / CUTTING AGENT / SURFACE REFINEMENT

GREENUMBRELLA®
GreenCut

**The Foundation of the
Profiled Floor**

Green Umbrella® GreenCut™ is a neutral, nano-surface profiling agent that teams with slurry produced during wet profiling. The rounded nano-structure surface refinement treatment advances abrasive profiling. As part of the GreenCut Abrasive Profile™ System, silica-based nano-marbles mill and fill the substrate during profiling, removing, and rolling stock beneath abrasive tooling. This cutting action removes high spots using the edge of the abrasive in a way never before achieved, acting as a lapping compound. GreenCut™ impacts the surface so that a reduction from an average seven-abrasive process to two or three. GreenCut™ should be used on every abrasively profiled project— cutting labor, downtime and environmental impact. The use of Green Umbrella's liquid cutting agent produces a polished concrete that cannot be replicated in quality, durability, or quantifiable Ra. GreenCut™ is free of harmful acids, damaging formulations, polymer-based solids, and surfactants. Produce a superior floor value, increasing concrete substrate quality with an ultra-fine surface refinement not possible using equipment and abrasive tooling alone. GreenCut™ produces a microscope worthy profile, with a smoothness that can be felt by touch after the first cut.

“GIVING YOU THE DIRECTION YOU NEED.”

INITIATIVE

INSIGHT

SPECIFICATION

“Green Umbrella starts by CONSULTANTS showing initiative. Design professionals, owners, and contractors need someone who is willing to take the initiative in connecting you with the solutions for sustainable concrete. We freely share industrial insight by investing in our industry with Continued Education Presentations created for the design professionals, general contractors, and craftsmen. We can assist you in understanding past project failures, helping you build your specifications for future success. With all the products needed on a project, it is essential to have someone “Giving the Direction you Need”.
