GREENUMBRELLA®

ICECAP 

Capping The Concrete

Green Umbrella® IceCap™ is a durable sub-surface nano-finish for exposed architectural concrete floors. Protect @EarlyAge concrete placed with IceStart™ and IceStop™ with a penetrating, sub-topical, reactive, non-resinous polymer soon after placement - preserving, protecting and enhancing the finished surface. As the third and final piece of the GreenIce™ Cure & Cap system - concrete is sealed with a breathable, dense, and maintainable layer of protection that will not whiten, chip, flake or peel. An impregnating component providing resistance to harmful contaminants, IceCap™ doubles as both a stainguard and a wearguard via industry-leading technology and performance. IceCap™ enhances architectural gloss while extending the concrete floor's lifecycle, maintenance, and sustainability; promoting reflectivity, clarity, and cleanliness.

CUT LABOR

- R.T.U.²
- No stripping for reapplication
- Alternative laborious flooring solutions

CUT DOWNTIME

- 10 minute dwell time
- Short dry time
- 3 hour to traffic

CUT ENVIRONMENTAL IMPACT

- Epoxy alternative & optional product reduction
- Extends life cycle of concrete
- No VOC

ARCHITECTURAL APPLICATIONS

Ideal for **Interior** or **Exterior** use on exposed horizontal architectural concrete surfaces. Superior performance in integral color applications. Demanding Applications, warehouse/distribution centers, food service, parking decks, garages, hospitals, or similar, retail spaces & showrooms, restaurants, business offices, lobby areas, museums, municipalities, airports, hotels, schools, fire-stations, almost all exposed concrete surfaces.

EASY TO APPLY - SIMPLE TO MAINTAIN

IceCap™ is shipped R.T.U.², no mixing required. Easily apply 2x S.O.L.O.¹ applications with a GU recommended sprayer for coverage of 1000 SF per gallon and spread with GU T-Bar. To maintain, simply damp mop, auto scrub, and periodically burnish using Green Umbrella Life Cycle™ maintenance system treatments.
