

CUTSHEET

SURFACE & SUBSURFACE / REACTIVE GROUT / INSOLUBLE

GREENUMBRELLA®

ProfileFil Plus+

THE SLAB SAVER

Green Umbrella® ProfileFil Plus™ Green Umbrella's latest advancement in reactive grouting technology with GUnanInside™, for profiled floors. Creating an invisible bond that improves surface strength. ProfileFil Plus's innovative bonding formula and colorant acceptance ensure a long-term solution for abrasively polished architectural concrete problemed floors. It is formulated to be non-polluting, environmentally safe, and quick curing grout. Introduced during the profiling process @MatureAge, it fills concrete micro-holes, micro-cracks, and even small aggregate roll-outs. Additionally, by closing off the surface, it allows for a highly reflective finish, if desired. ProfileFil Plus simply is "The Slab Saver" for damaged architectural concrete that could not be honed without surface grout, helping to lessen your environmental impact.

CUT LABOR

- No Need to Replace Slab, Resurface or Epoxy
- Eliminate multiple applications needed from similar products
- Alternative laborious flooring solutions

CUT DOWNTIME

- No extended dwell time
- Short dry time
- 3 hour to traffic & abrasive cut

CUT ENVIRONMENTAL IMPACT

- Epoxy alternative & optional product reduction
- Extends life cycle of concrete
- No VOC

VERSATILE ARCHITECTURAL APPLICATIONS

Ideal for **interior**, vertical or horizontal Demanding Applications; warehouse/distribution centers, food service, parking decks, garages, hospitals, or similar & specifically for dye and pigment Decorative Color Applications; retail spaces & showrooms, restaurants, business offices, lobby areas, museums, municipalities, airports, hospitals, schools, fire-stations, or most concrete surfaces.

EASY TO INSTALL - SIMPLE TO MAINTAIN

Use ProfileFil Plus after the profile cut, with GU abrasives, GC-X or GC-Fusion. Profile the floor wet with ProfileFil Plus allowing it to mix with the slurry to create the fill. Dilute ProfileFil Plus 1:2 and apply in front of grinder with a pump-up sprayer working into the floor with dedicated soft bristle broom. To maintain, simply damp mop, auto scrub, and periodically burnish using Green Umbrella LifeCycle™ maintenance system treatments.
