GREENUMBRELLA® OuickRepel®

SUBTOPICAL / HYBRID DENSIFIER-HARDNER-REPELLANT / VALUE ENGINEERED

Green Umbrella® QuickRepel™ is part of our concrete treatments meeting Architectural Concrete design professionals' versatile product demands for an interior or exterior concrete water repellency. QuickRepel basic use is a Penetrating Hydrophobic Reactive Silane Hybrid Nano Densifier. Used in applications where basic hardeners are specified, but where a one product, value-engineered solution is desired.

DEMANDING APPLICATIONS: WAREHOUSE/DISTRIBUTION CENTERS

FOOD SERVICE PARKING DECKS GARAGES, HOSPITALS

RETAIL SPACES & SHOWROOMS RESTAURANTS BUSINESS OFFICES LOBBY AREAS MUSEUMS

AIRPORTS, HOSPITALS

SUBTOPICAL / HYBRID DENSIFIER-HARDNER-REPELLANT / VALUE ENGINEERED

GREENUMBRELLA®

Quick**Repel**

QUICK TO INSTALL

GreenUmbrella® QuickRepel™ is an interior-exterior, insoluble hybrid, a nano-densifier treatment that provides deep unseen protection and QUICK TO REPEL yet with repellency as visible as water droplets on a rose petal. This

ground-breaking, advanced formulation combines two

types of concrete treatments: A deep subsurface densifier that floods and fills capillaries preventing concrete off-dusting; a fully reactive treatment resulting in a deep bond that provides a clarified gloss appearance. A valued engineered treatment can be used as a densifier, colorguard, and wearguard with a unique repellence to surface water—it beads; yet, it is breathable. QuickRepel[™] is an R.T.U. advanced CrossOver[™] treatment for application @EarlyAge™, @Profile&Polish™, or @MatureAge™ concrete with a single S.O.L.O.™ at post-polish making it a quick to install treatment cutting downtime substantially.

"GIVING YOU THE DIRECTION YOU NEED."

CUT YOUR LABOR CUT YOUR DOWNTIME CUT YOUR ENVIRONMENTAL IMPACT

"Green Umbrella's product branding is the direct PRODUCT message "Cut to the Chase". Each product and installation are driven a goal: Cut your Labor. Cut your Downtime. Cut your Environmental Impact. Green Umbrella quickly isolates these key benefits to explain the profitable, sustainable and quality of our industry unique products."
